Corrected article: *Theranostics* 2013; 3(3):167-180.

In our paper [1], the Figure 6 legend should be corrected as follows:

(b) TEM image of the same bacteria after a special washing procedure and simultaneous labeling with a mixture of O-specific conjugates (50-nm Au–Ag nanocages + anti-LPS antibodies) and H-specific conjugates (15-nm GNPs + anti-PFL antibodies).
