

Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Front Cover:

Macrophage membrane functionalized biomimetic nanoparticles for targeted anti-atherosclerosis applications

Y. Wang et al. pp.164

IVYSPRING
INTERNATIONAL PUBLISHER

Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Inside Front Cover:

Integrative analysis of long extracellular RNAs reveals a detection panel of noncoding RNAs for liver cancer

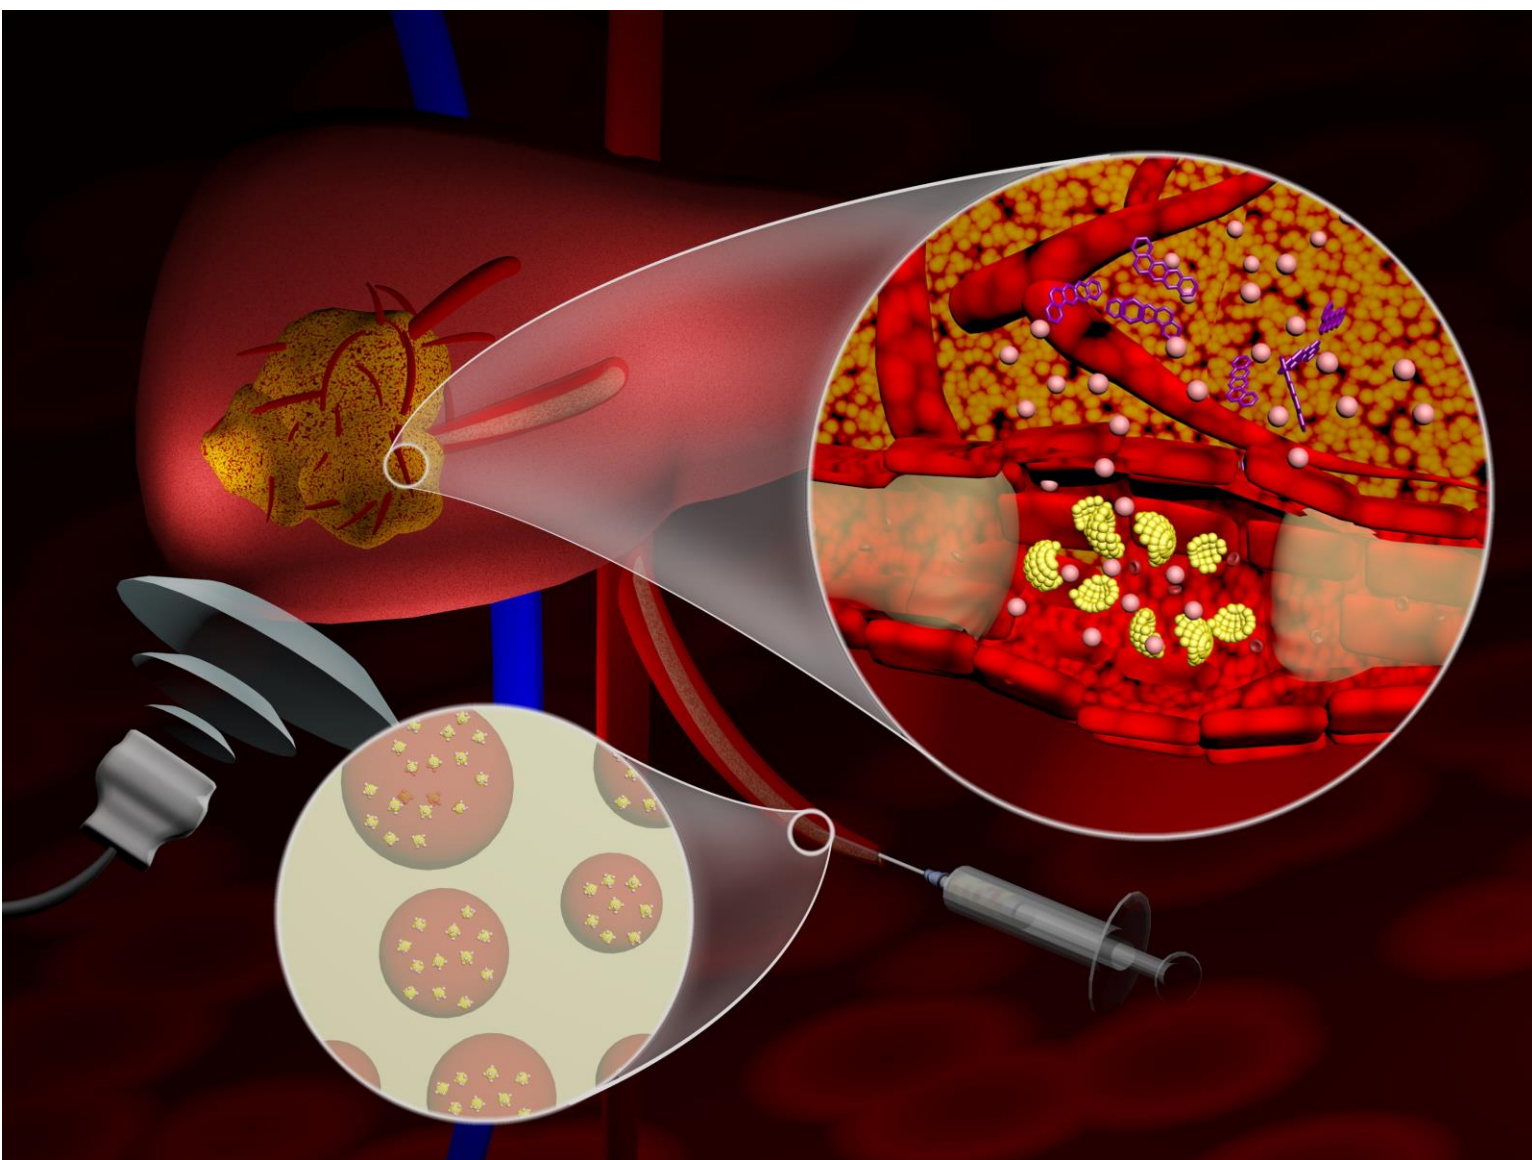

Y. Zhu et al. pp.181

IVYSPRING
INTERNATIONAL PUBLISHER

Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Inside Back Cover:

Development and evaluation of an ultrasound-triggered microbubble combined transarterial chemoembolization (TACE) formulation on rabbit VX2 liver cancer model

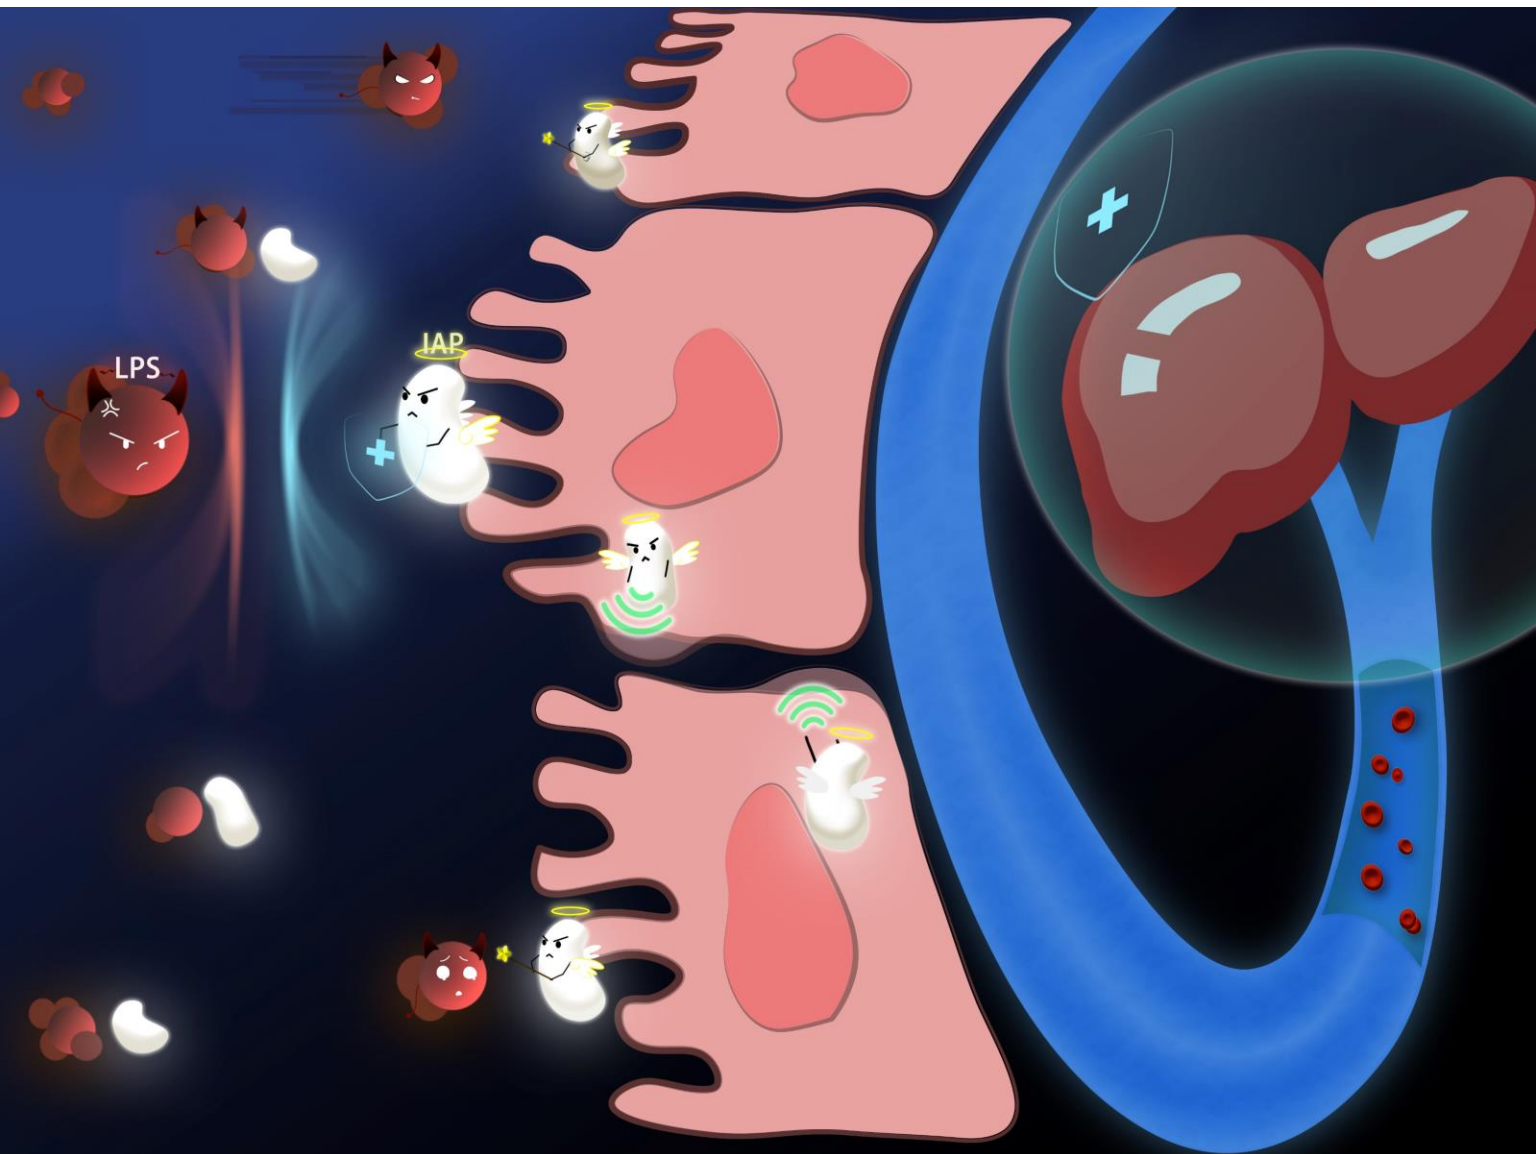

D. Kim et al. pp.79

IVYSPRING
INTERNATIONAL PUBLISHER

Theranostics

The Forum for Diagnostics, Imaging, and Therapy Research

Back Cover:

A role for intestinal alkaline phosphatase in preventing liver fibrosis

Y. Liu et al. pp.14
