The authors wish to inform readers of a correction to the study. The informed consent and the IRB approval number in the Materials and methods section, should be revised as follows:

The human tissue biopsy samples used in this study were collected as part of a study approved by the human ethics committee of Taipei Medical University Joint Institutional Review Board (TMU-JIRB No. N201701061). The waiver of informed consent for the study was monitored by TMU-JIRB.

The authors regret the inconsistency and apologize for not identifying the issue earlier in the publication process.
